EE379K Enterprise Network Security Lab 1 Report

Student: Brian Cheung bc32427
Professor: Mohit Tiwari
TA: Antonio Espinoza
Department of Electrical & Computer Engineering
The University of Texas at Austin

September 7, 2019

1 Part 1

part 1 paragraph

1.1 Step 1 - Echo Server

1.2 Step 2 - DOS Attack

1.3 Step 3 - Extra Credit

2 Part 2

part 2 paragraph

Example Figure 1 shows X. Example reference to paper [1].

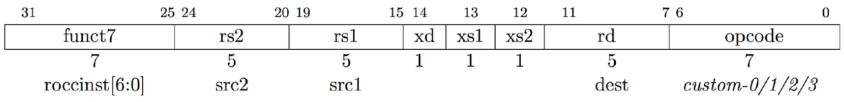

Figure 1: The RoCC Accelerator Instruction Encoding

3 Part 3

part 3 paragraph

```
int main() {
  printf("Hello World");
  return 0;
}
```

4 Part 4

5 Conclusion

Please provide feedback so we can improve the labs for the course. How many hours did the lab take you? Was this lab boring? Did you learn anything? Is there anything you would change? Feel free to put anything here, but leaving it blank will result in the loss of points.
